PROFESSIONAL EXPERIENCE

Freelance/Client Photographer

2020-Present

After being gifted with a camera when I was 12, I became instantly attached to the art form. I was dedicated to teaching myself how to photograph, with my main subjects being horses. Eventually, I began my business in 2020 by photographing local horse shows in Memphis. Now, my primary focus is still equines, but I also do events, portraits, birthday parties, and create stories through my photos.

EDUCATION

White Station High School
